Dear Don,

Thank you for the fine work you undertook on the subject Project. I know the conditions were difficult with lowering temperatures and a high river flow but you and your team performed safely, professionally and efficiently.

In particular, I would like to thank your dive team of Ribby Brice, Mike Myers and Will Rodriguez who, with you, got very cold every day that week while performing their difficult duties without complaint. I am recommending your services to Meredith's principals for future service to the company.

Once again, thank you, it was a pleasure to work with you and I hope we can get together again at some time in the future.

Best Regards,

Project Manager
