To whom it may concern,

I can personally recommend Dryden Diving as a prompt, professional and experienced company. Dryden has performed superbly in support of operations here at INACTIVESHIPS Philadelphia. Dryden has provided scheduled dive services in support of ship inactivation's as well as emergency dive services in support of flooding events on several of our assets to include the ex-CHARLES F ADAMS (DDG 2), ex-SHREVEPORT (LPD 12), ex-PONCE (AFSB(I) 15) to name a few. Dryden has been our preferred dive service for 15+ years.
